25X1

F. AH-38 - Collapsible Lens Barrel, Light Weight

Two sections of spun aluminum tubing had been prepared as a sample to determine if it would be suitable. The sections were very light and surprisingly strong. They had been tested by Photo-mech. and will be satisfactory. The remaining sections will be procured.

The smallest section will contain a focusing mount for any suitable camera. All that will be required is a suitable camera adapter.

25X1

V CONCLUSIONS:

- A. Task VI extension should be granted.
- B. Work is satisfactory.
